

deurpanelen

LoCra deurpanelen van Belgische fabricatie met meer dan twintig jaren ervaring, van klassiek tot modern, van hedendaags tot tijdloos én met oog voor detail.

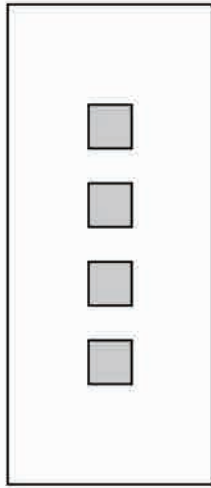

Met de deurpanelen van LoCra creëer je je **eigen, unieke deurpaneel**. Er zijn tal van basispanelen die je zelf verder kan aanpassen, de mogelijkheden zijn echt **ongelimiteerd**. Je kan de keuze maken voor panelen met of zonder glas, traditionele inzetpanelen en / of vleugeloverdekkende panelen.

Voor de kleuren heb je een **uitgebreide keuze** uit folie's of gelakte kleuren. Een LoCra deurpaneel is zoals een visitekaartje. Het geeft je de mogelijkheid om zowel bij renovatie als bij nieuwbouw een **prachtige buitenafwerking** te realiseren die een meerwaarde geeft aan je woning.

Toepassing

De deurpanelen van LoCra worden toegepast voor zowel inkomdeuren in kunststof als aluminium. LoCra kan bovendien de deuren volledig op maat ontwerpen en personaliseren naar de wensen en behoeften van de klant..

Unieke productietechniek

Door de speciaal ontwikkelde productietechniek loopt de Renolit-folie door tot in de flexibele uitlijning van de groeven, wat net dat ietsje meer uitstraling geeft aan het deurpaneel.

Voordelen & materiaal

- Flexibele uitlijning en verschillende mogelijkheden
- De folie loopt door tot in de groeven
- Een dubbele aluminium plaat van 2 mm
- Vormvast en inbraakwerend
- Uitvoering in gelakt aluminium of Renolit-folie
- Zéér goede warmte- en geluidsisolatie
- Verkrijgbaar in diktes van 36 mm, 46 mm & 67 mm
- Isolatie 1.1 / 0.6 / 0.4 W/m²K

Veiligheid

Een deurpaneel moet niet alleen esthetisch mooi zijn maar ook veilig. Een dubbele aluminium plaat van 2 mm garandeert niet alleen de vormvastheid van het deurpaneel maar ook een hoge bescherming tegen inbraak.
